The Mission of the Ontario Homicide Investigators Association is to bring together the men and women charged with this responsibility and to provide a forum, through which they can share their skill, knowledge and expertise for their professional development and support.

Each year the OHIA Workshop Committee ensures that the content of the weeklong event is topical, relevant and aimed to benefit the advanced homicide investigator. The OHIA Workshop Committee ensures that all of the content is completely Canadian thereby ensuring that the workshop is not only entertaining but more importantly educational.
